SPB Maths Newsletter

Autumn 2 Newsletter:

Parents we need you!

WE NEED YOU!

The half-term weekly maths puzzle challenge winners:

- * Jackie Georgiou
- * Yan Wei
- * Louise Harris
- * Jo Brownrigg
- * Joanne Hamilton
- * Laura Ormandy

Well done to all the parents who took part in this terms puzzles.

Loads of correct answers from numerous parents and great reasoning behind the answers. If you haven't won this time - resilience is key! E-mail your termly responses to:

maths@paschalbaylon.org.uk

We are hoping to spread the word of how fundamental maths is in our everyday lives. Do you use maths in your jobs or daily routine? Are you available to give an informal chat to a small group of children?

If the answer is yes, we would like to see how many parents or family members would be able to attend this session.

The sessions will take place during the month of January from 9:00—10:00AM.

If you are interested and are able to help, can you fill in the slip showing your availability.

Thank you for your support.

Remember:
Maths is everywhere!

Name of parent: _____

How you use maths: _____

Child's name and class: _____

Please circle all the available dates that you could attend:

Mon	Tue	Wed	Thu	Fri
	1	2	3	4
7	8	9	10	11
14	15	16	17	18
21	22	23	24	25
28	29	30	31	

Maths jokes

1. Why don't you do arithmetic in the jungle?

2. Why did the teacher wear glasses during maths lessons?

3. What do you call an empty parrot cage?

Thank you to Chloe and Mollie in Year 6 who made us giggle with these jokes.

Answers: 1. If you add 4+4 you get ate.
2. It improves her di-vision. 3. Poly-gon

Mind workout

Can you solve this Christmas puzzle? Try this with your parents! Watch out for the two ribbons!

Last term's 'figure me out' was Miss Weeder. Well done to Erin Year 3!

figure ME out!!!

my age Half of 46	birth month 10 + 1	birth date The 1st prime number
letters in my name The square root of 36	ME 	people in my family 1 x 1 x 5
number of pets 2981 x 0	my house number 6 x 3 x 2 - 4	my shoe size 100 ÷ 20

Meet our ambassadors

We had so many applications from our children to become maths ambassadors.

After whittling down our applications; here are our fabulous team. Already, they have made a difference in our school by asking teachers to display in their classrooms how they have used maths at the weekend. Did you know Miss Horton had to plan her journey around London by working out train times? Did you know Mr. Daly worked out how many points Liverpool needed to maintain top of league by Christmas?

How did you use maths this week?

Some of our ambassadors have helped worked out attendances of classes and Mrs. Dillon has produced a display in the hall to show our monthly attendance.

Our ambassadors are at the beginning of their journey to promote maths and our next challenge is to find reading books which uses maths in stories which will eventually have pride of place in a section of our library.

Well done ambassadors - keep up the hard work!

Have you completed the National numeracy challenge yet? Send a picture with you certificate to maths@paschalbaylon.org.uk and we will share your achievement with the class!
