

Maths Puzzle – Week 2

How are your multiplication skills? Here is this week's problem. Some of the digits have been erased. Can you work out what they must have been?

				7			
	x				3		
		1	1		9		
				4			

Solution

			7	
x				3
	1	1		9
			4	

			3	7	3
x			8	3	
	1	² 1	1	9	
2	⁵ 9	² 8	4	0	
¹ 3	0	9	5	9	

What made this challenging was that there were a few occasions whereby you had to exchange into the next column.
