

Dear Parent or Carer

The School Health Team would like to inform you of the Healthy Child Programme Universal Service for Year 6 school aged children.

Year 6 Health and Wellbeing Questionnaire

The questionnaire will be for pupils to complete about themselves on a range of health & wellbeing topics.

The questionnaire will be confidential and completed electronically.

The questionnaire will be available between set dates for yourselves and can be accessed via a web link taking you directly to Mersey Care NHS Foundation Trust web site. Once the questionnaire has been completed it will close down and the information will be sent securely to the School Health Team and placed on your child's record.

If you wish to review a PDF version of the questionnaire, please follow the link below and look at the appropriate year questionnaire under the Useful Information Section of the website-
